

#DATAPLAYGROUND

21 September 2017 Microsoft Technology Center

6:00 Introduction and Welcome

Celebrating data, innovation and technology for accelerating achievement of the Sustainable Development Goals (SDGs). Remarks from Microsoft, UN Global Pulse, SDG Action Campaign & special invitees.

6:30 Breakout Sessions

3 parallel 30-minute sessions

- Microsoft: “AI for Earth” (Room: **Penn Station**)
- UN Global Pulse, IOM and the Argentine Forensic Anthropology Team: “Improving Data on Missing Migrants” (Room: **Grand Central**)
- UN SDG Action Campaign: “My World - The United Nations Global Survey” (Room: **Port Authority**)

7:00 Breakout Sessions

2 parallel 30-minute sessions

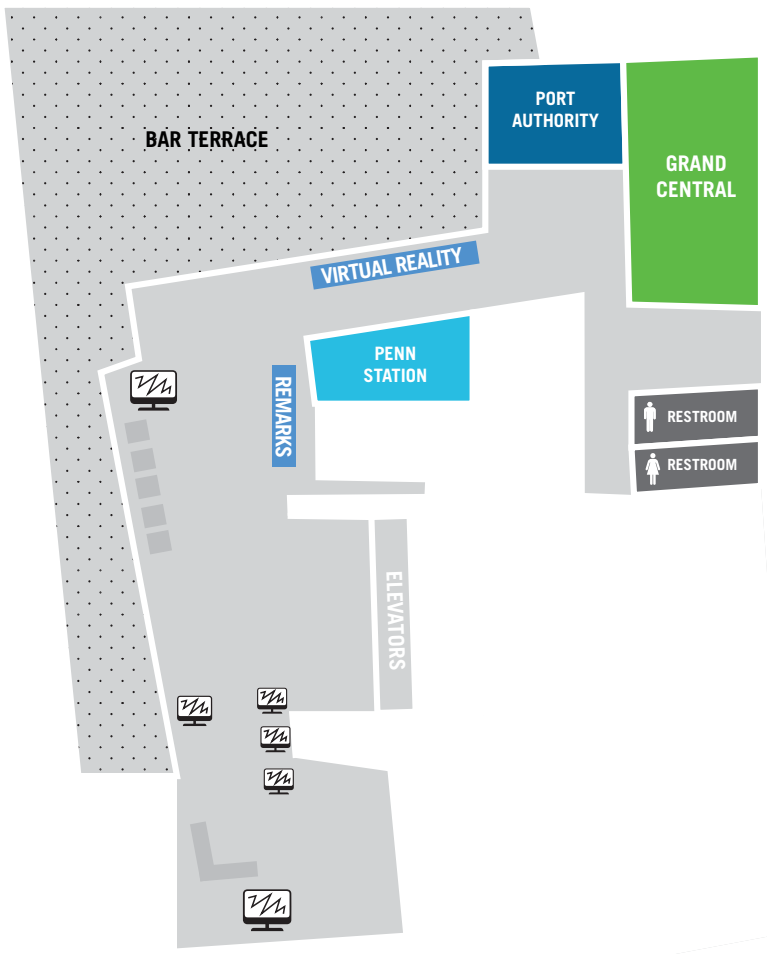

- UNDP: “How to Design a Data Innovation Experiment? Step-by-step guidance” (Room: **Penn Station**)
- UN World Food Programme: “Eye in the Sky, Ear to the Ground” (Room: **Port Authority**)

9:30 Closing

Throughout the night, make your way around the floor and explore virtual reality by the **UN SDG Action Campaign**; check out the **UN OCHA** Humanitarian Data Exchange platform; and learn about **Data For Climate Action (#D4CA)**, an open innovation challenge to catalyze climate action run by UN Global Pulse in collaboration with Western Digital and the Skoll Global Threats Fund.
